

INFOFISH WORLD SHRIMP TRADE CONFERENCE AND EXHIBITION (VIRTUAL)

"Recovery through resilience and innovation"

8-10 June 2022

Press Release
April 2022

Conference Chair
Mr. Jose Antonio Camposano

Themed **Recovery through resilience and innovation**, the conference will be Chaired by **Mr. Jose Antonio Camposano**, Executive President, National Chamber of Aquaculture, Ecuador. Echoing the theme of the Conference, Mr Camposano says "Throughout its history, the global shrimp industry has faced challenges of all kinds, from health and environmental related challenges to logistical issues and financial crises. Despite all these difficulties it is a highly competitive industry because its products are marketed worldwide. Today, the pandemic and other international phenomena such as the performance of the economy and others like global warming, represent a new paradigm for the shrimp industry that must be approached with an open mind and enough creativity to transform these challenges into solutions that allows us to grow sustainably."

Keynote Speaker
Dr Audun Lem, FAO

The Keynote Address will be delivered by Dr Audun Lem, Deputy Director Fisheries and Aquaculture Division FAO HQ, Rome, Italy. Dr Lem will address the impact of both COVID-19 and the ongoing war in Ukraine and the lessons these hold for the industry, in particular for future resilience.

Look out also for a special snapshot interview with Dr Lem soon!

[More details](#)

This premier global shrimp industry conference and exhibition is expected to gather over 250 top industry leaders including representatives from leading multinational companies, shrimp buyers and sellers, equipment manufacturers and suppliers, policy makers and planners, experts, media professionals etc. around the globe to discuss, to debate and most importantly, to network with all the sectors that make shrimp production and trade the billion-dollar industry it is today. Moreover, a virtual exhibition will be taking place concurrently with 40 booths made available of which 20 are already taken up as on 31 March 2022. Companies wishing to take part in this impressive global event can sign up for Sponsorship packages – Platinum, Gold, Silver and Support – which offer attractive and real time benefits.

SHRIMP 2022 is jointly organised by INFOFISH; the Department of Fisheries, Thailand; Network of Aquaculture Centres in Asia Pacific (NACA); and China Aquatic Products Processing and Marketing Alliance (CAPPMA). Media partners for this mega event are Aquaculture Asia Pacific; Aquafeed.com; HATCHERY FEED & MANAGEMENT; and World Aquaculture Society (WAS). The Vietnam Association of Seafood Exporters and Producers (VASEP) and Indonesian Aquaculture Society (IAS) are supporters of this event.

Don't miss this opportunity to be part of the biggest global shrimp industry conference, and to enjoy the virtual interactive sessions and one-to-one networking opportunities.
